## Remote Gambling Licence: Operators

### Report on Fees

#### 2026

The Commission has a duty under Article 46 of the Gambling (Jersey) Law 2012 to determine and publish fees payable to it for:

- (a) the performance by the Commission of any of its functions under this Law;
- (b) the submission of an application, report or other document to the Commission under this Law; and
- (c) the annual continuance of a licence, permit, approval or registration granted under this Law.

The purpose of this notice is to prescribe fees for licences granted to remote gambling operators as a consequence of the provisions of the Gambling (Jersey) Law 2012.

In deciding the level of fees, the Commission will assess an appropriate level of regulatory oversight and consider the following factors:

- the element of risk;
- the impact on the Island in case of company or product failure, and
- the level of gambling as a percentage of total business.

The Commission will also generally seek to discuss its proposed fees with those directly affected and, if there is a recognised trade body, will consult with that body. In the absence of a recognised trade body the Commission may simply publish its Notice of Proposed Fees, which are then adopted 29 days later.

### Application Fee: Remote Gambling Operators Licence

Applications across most commercial gambling services are relatively similar and information requested by the Commission will be broadly the same. The Commission requires company details, applicant details, together with details of the directors and officers that influence decision-making. Financial stability, criminal sanctions and business experience are also investigated.

The Commission operates on a cost-recovery basis and the fee is ordinarily expected to cover the application process, inspections and interviews, if required, of any of the directors or officers of the applicant. It should also fund the drafting of a report and recommendation on the merits of the application. In the event that the application fee fails to cover these costs the Commission will expect a further fee in order to finalise the application. The Commission will only request this extra funding when it is required.

## **Licence Fee: Remote Gambling Operators Licence**

The licence fee covers the cost of regulatory oversight during the five year life of the licence. The fee must be paid within 28 days of the grant of the licence and thereafter annually for the duration of the licence.

As per the application process, the Commission will maintain contact with the licence holder during the year, visiting premises, reviewing documentation and reporting as necessary.

So long as the key requirements for licensing have not changed during the period, the Commission may, at its discretion, waive the application fee for a new licence on expiry.

## **Licence Fee: Remote Disaster Recovery Licence**

Operators licensed in those jurisdictions that have a functioning Memorandum of Understanding (MoU) with the Commission can place disaster recovery (DR) systems in Jersey. DR provisions in Jersey will require a licence, and the application process is straightforward; the licence may last for up to five years.

## **Licence Fee: Mirroring and Load Balancing Services Licence**

Operators licensed in those jurisdictions that have a functioning Memorandum of Understanding (MoU) with the Commission can place mirroring and load balancing systems in Jersey. Placing mirroring and load balancing services in Jersey will require a licence.

## **Notice of Fees**

All fees are based on the level of risk and continual regulation:

### **Remote Gambling Operators Licence Fee:**

**Licensees whose annual Gross Gaming Revenue (GGR) is below £1,000,000: £23,895 per annum.**

**Licensees whose annual GGR is £1,000,000 and above: £53,760 per annum.**

**Licence Application Fees: £7,170** (A further fee of £7,170 may be requested if the cost of the application exceeds the first tranche).

### **Disaster Recovery Licence Fee: £5,130**

**Application Fees: £1,025** (A further fee of £1,025 may be requested if the cost of the application exceeds the first tranche).

### **Mirroring and Load Balancing Services Licence Fee: £8,365**

**Application Fees: £600** (A further fee of £600 may be requested if the cost of the application exceeds the first tranche).

### **Alterations to any Licence above<sup>1</sup>: £305**

---

<sup>1</sup> Such as a change of registered address, company name or the inclusion of new working premises.

Payment for licence fees (using licensee name or invoice number as a reference) should be sent by bank transfer to:

The Jersey Gambling Commission; HSBC; Sort Code: 40-25-34 Account Number: 52474700

### Late Payment Fee

Article 22(5) of the Law provides for a 28 day 'grace' period, after the start or subsequent annual anniversaries of a licence, and Article 22(6) revokes the licence at the end of the 28 days grace if the annual fee is not paid. Article 22(6) does not preclude the payment of fees owed to the Commission. The Commission will consider applying a late permit fee under its powers under Article 46(4) on a case by case basis.

If the Commission, after considering all the facts, applies a late payment fee, the fee will be set at 10%, applied pro-rata for each 28 days from the anniversary of the licence.

### Annual Review

**NB:** In order that fees do not erode with inflation there will be an **annual** review of fees. For the express exclusion of doubt, the Commission will not raise fees following such review beyond that set by the RPI figure published by the Government of Jersey without undertaking a further consultation. Undertaking such a review does not bind the Commission to alter these or any other fees.
