

JERSEY GAMBLING COMMISSION

Race Track Licence

Report on Fees

With effect from 1st January 2025

The Commission has a duty under Article 46 of the Gambling (Jersey) Law 2012 to determine and publish fees payable to it for:

- a) the performance by the Commission of any of its functions under this Law;
- b) the submission of an application, report or other document to the Commission under this Law; and
- c) the annual continuance of a licence, permit, approval or registration granted under this Law.

The purpose of this notice is to prescribe annual fees for a Race Track Licence in accordance with the provisions of Article 22 of the Gambling (Jersey) Law 2012.

In deciding the level of fees, the Commission will assess an appropriate level of regulatory oversight and consider the following factors:

- the element of risk;
- the impact on the Island in case of company or product failure, and
- the level of gambling as a percentage of total business.

The Commission will also generally seek to discuss its proposed fees with those directly affected and, if there is a recognised trade body, will consult with that body. Upon agreement, the Commission will publish a Notice of Proposed Fees, which is then adopted 29 days later.

Licence Fee: Race Track

The licence fee covers the cost of regulatory oversight. The fee is annual and payable in advance. Typically the regulatory regime will consider the operation, security and social responsibility of gambling operations to include, but not limited to;

- an assessment of the company or scheme's operations;
- a review of compliance and other procedures;
- any material changes since the last meeting.

The Commission will maintain contact with the licence holder during the year, and may visit premises, review documentation and report as necessary.

Notice of Fees

Fees for licences awarded under the Gambling (Jersey) Law 2012 in respect of Race Track Licences are as follows:

Race Track Licence: £585

Payment for licence fees should be sent by bank transfer to: The Jersey Gambling Commission;
HSBC; Sort Code: 40-25-34 Account Number: 52474700

Late Payment Fee

Article 22(5) of the Law provides for a 28 day 'grace' period, after the start or subsequent annual anniversaries of a licence, and Article 22(6) revokes the licence at the end of the 28 days grace if the annual fee is not paid. Article 22(6) does not preclude the payment of fees owed to the Commission. The Commission will consider applying a late permit fee under its powers under Article 46(4) on a case by case basis.

If the Commission, after considering all the facts, applies a late payment fee, the fee will be set at 10%, applied pro-rata for each 28 days from the anniversary of the licence.

Annual Review

NB:In order that fees do not erode with inflation there will be an **annual** review of fees. For the express exclusion of doubt, the Commission will not raise fees following such review beyond that set by the RPI figure published by the Government of Jersey without undertaking a further consultation. Undertaking such a review does not bind the Commission to alter these or any other fees.
